

# Harri McLady For FXU Community Officer

**My Name is Harri McLady and I am a First year Flexible Combined honours Student studying Politics and Sustainability.**

**My Previous work with Kieran (the current Community Officer) and Harry (The future president of Community and welfare) has inspired me to take greater interest in the community and ensuring that students are accesible to the wider range of benefits that the Falmouth and Penryn Community has to offer.**

## 1. PROGRESS

**I want to develop on the work of previous Community Officers by working in partnership with the local community, and continuing to push for the creation of cross collaborative projects between academic sources and the local community in the form of practical assesments**

## 2. BUSINESS

**As a sustainable business student, I really want to make the most of the great independent businesses that Penryn and Falmouth offer and want to increase the involvement of students with local businesses and vice versa.**

## 3. HOUSING

**The local housing situation needs to improve - I'd like to create a more humane system that feels both fair and informative to students and the local community.**

## 4. CAMPUS<sup>2020</sup>

**We need to ensure that the campus plans and the community desires are both harmonious and progressive, ensuring that all voices are heard clearly**

**#ImWithHarri**
