

# JACQUELINE GAIM-MARSONER

Hi my name is Jacqueline and I would like to be your FXU International Officer. I have been part of the international community since coming to this university and find it very important to make sure that everyone feels like they belong.

As your International Officer, I would make sure that:

- Everyone **stays involved** with what is happening in at university, especially in the international community
- Making sure that everyone **feel comfortable** about being able to **speak up** about any concerns
- To be the **bridge the gap** between us international students and the university

I will make sure to play a key role in raising the profile of international students within this university community, this includes on campus as well as off campus. I'll do this by encouraging social events to widen participation. I know what it feels like to be coming from a different country and that it can be difficult to feel included. I will do my best to make sure that everyone feels part of the FXU community.

It is my main goal is to ensure that everyone has the **best student experience**

I will:

- Be working closely with the FXU Widening Student Participation intern and FXU International Society to make sure that we can create events and get everyone involved
- Collect feedback and raise this at the International Student Experience Group with the FXU Presidents
- Raise these issues to the appropriate people, this includes representing the FXU at the NUS International Conference
- Provide updates and communication to us international students

I would appreciate any votes in my favour and will make sure I do best by all of you. Thank you for taking your time and reading my manifesto!
