

MATURE STUDENT OFFICER REPORT

October

What I've done

Since joining the leadership team earlier this month I have attended a welcome meeting and finished all the administrative paperwork. I have found out the number of mature students attending university and booked meetings with relevant departments to discuss how to reach out to more/all the mature students.

What I'm doing

Organising a meeting with Student Plus to start open communications between the society, its members and FXU. Student Plus along with myself will be meeting with FXU marketing team for advice. I will also be meeting with Postgraduate Officer to discuss collaboration projects such as a potential mature student directed newsletter.
