- Free meal on Forum days, training days, and informal team building
- Leading the voice in shaping the direction of your Union and student experience

### **What's the Role?**

Forum is your space to shape the student experience.

It's where students come together to discuss the issues that matter, hear from peers and officers, and decide what the Students' Union should stand for and work on.

Forum is open to everyone – whether you care about buses, housing, mental health support, climate justice, or something totally new. It's where your voice turns into action.

As Facilitators of Student Forum, you'll lead the space where real student issues get heard and turned into action. You'll plan the agenda, facilitate conversations, and help make Forum and Collectives a space that's inclusive, engaging, and meaningful.

This is a team role – you'll work closely with your fellow Facilitator, the SU Sabbatical Officers, and students to create a Forum that our members want to be part of. One of you might be more facilitation-focused, while the other takes the lead on slides or tech – but you'll both bring your strengths and support each other in the role.

### **What You'll Do (Together)**

- Plan the agenda with SU sabbs and students
- Facilitate Forum meetings – guide discussion, keep it respectful, fun, and inclusive
- Invite relevant guests, students, or speakers with lived experience to contribute
- Support hybrid meetings – slides, tech, timing, and access
- Capture the outcomes and help follow up what happens next
- Help promote Forum and get more students involved
- Be a visible presence – make yourselves known as the go-to people for Forum
